

## TAKE CARE BE PROP AWARE

Boat propellers pose a risk that is easily ignored because they are under the water, 'out of sight and out of mind'.

So always watch the prop and remember:

- Ensure the prop area is all clear before starting the engine.
- Keep a proper lookout, especially when near swimmers.
- Stay out of designated swimming areas.
- Observe 'distance off' rules.
- Keep all arms and legs inside the boat.
- Wear a kill-switch lanyard when boating alone.

For more information see our website or call the info line.
